

Join us by Zoom this summer to examine ordinary women of their day who found God in the midst of their everyday experiences. What so touched them in their experience of God and the mystery of the holy in their inner lives that led them to discover the courage to live the gospel in such deep and profound ways? They listened to the voice of Spirit and caught God's vision for the world. Each of them in their own way, present a challenge to us to discover how to bring the gospel and its values into the present realities of our lives. To register: call 412-366-1124 or email us at kearns@cdpsisters.org, please provide the email address you would like us to use to send your Zoom invitation and any course materials. Please register by end of the day Wednesday June 3rd.
